Institut Jantung Negara (IJN) – National Heart Institute

(Updated as of 27 September 2023)

Institut Jantung Negara, IJN was established on 1 August 1992 as a heart specialist institution committed to delivering advanced standards in cardiovascular and thoracic medicine for adult and paediatric heart patients. Since the foundation of the institute, IJN has treated over 4 million patients and gained recognition as one of the leading Cardiovascular and Thoracic Health Centre in the region.

Today, IJN provides a full range of cardiac services. The institute is staffed by an experienced and committed team of specialist cardiologist, surgeons, anaesthesiologists, paramedics and clinical support staff. The medical staff are fully supported by the modern technology allowing IJN to treat the most complicated cases.

3	Essential Wellness	RM370.00	15%	RM314.50

Cancer and Covid-19 Screening Packages

Screening helps to detect early signs of cancer or pre-cancerous conditions before any symptoms appear. By the time symptoms appear, the disease is often at an advanced stage. At IJN, we understand the importance of early detection.

To add, certain COVID-19 symptoms persist and requires further treatment. With this screening program, patients will undergo series of test to determine whether there are any long-lasting effect towards your health.
